[Home](#) » [Research & Data](#) » Statistical Summaries

The Statistical Summary of Missouri Higher Education was first published by the MDHEWD in the mid-1980s and, after going through several iterations, has remained relatively unchanged since the early-1990s. The summary contains numerous tables with aggregate data for each Missouri public and independent institution, as well as one table containing enrollment and completion data for specialized and theological institutions.

Note Regarding Table 9 for FY 2014

The Missouri State Board of Education and Department of Elementary and Secondary Education (DESE) implemented new testing requirements for entrance to teacher education as of September 2013. New applicants were generally required to take the Missouri General Education Assessment (MoGEA) rather than the longstanding College Basic Academic Subjects Exam (CBASE). As of September 2014, candidates seeking educator certification were generally required to pass the appropriate Missouri Content Assessment(s), which replaced the Praxis II series.

As a result of this transition, FY 2014 data are not available to recreate Table 9 in a way that would be comparable to either past or future reporting. This table will be redesigned for FY 2015. In the meantime, please feel free to contact MDHE Data and Research Services staff at he.research@dhe.mo.gov with questions.
